COMMERCIAL AND FINANCIAL

Wheat Opens Strong, but Closes with a Considerable Loss.

CORN AND DATS LOSE SMALL FRACTIONS

Provisions Decline Seriously, with the Market Heavy All Day .-Shorts Cover at the Start.

CHICAGO, June 9 .- Wheat today opened strong, and under a continuation of yester-day's short covering advanced sharply. This support died away later, when favorable state crop reports were received, the result being that not only was the advance lost, but 1971%c besides. Corn and cats dropped about 40 of their previous values. Provigions were uncompromisingly heavy and closed at declines ranging from 10c to 271gc. Proceedings in the wheat pit during the first half hour of the session were interest-ing, but fraught with grave consequences to those of the performers who had gone home short of July wheat yesterday. Fear of manipulation of that delivery, for the benefit of the longs, was the cause of an advance in it of about 13c per bu, inside of fifteen minutes. The excitement soon substate and was succeeded by a lengthened stand and was succeeded by a lengthened period of subdued nervousness. July wheat elosed yesterday at 694c—the top of a 294c—bulge—opened at from 694c to 695c and climbed nimbly to 705c to 705c without a break. At the end of the half hour it was back to 684c. Although there were other ballish elements the fear of manipulation, so prominent in yesterday's bulge, was really the reason for the flurry, and nothing also we given any particular attention for a boilish clements the fear of manipulation, so prominent in yesterday's builge, was really the reason for the flurry, and nothing else was given any particular attention for a time. Minneapolis and Duluth receipts were small, a total of 212 cars being reported, against 263 a week ago and 354 the corresponding day of last year. The state crop reports for June, which came to the knowledge of traders, favored the believers in a coming plentifulness and gave the bears their first opportunity to pound the market. Once started the price went down as quickly as it had advanced. Michigan winter wheat was 7sc, against \$2c May I and 75c June I, 1896. Kentucky gave the condition as 32c, against \$5c a month ago and fle June I last year. Export clearances of wheat and flour from Atlantic ports were equal to only 184, 699 bu. The foreign markets all closed strong. That did not help the price here any more, however, and when Bradstreet's report of the world's visible made it show a decrease of 3,353,900 bu, the crowd, as if waiting for that as a signal to sell, jumped on July and squeezed the life out of it for awhile. It dropped to 65% sellers. New York about the same time reported twenty-eight boatlonds taken there for export without helping the price. July worked down to 68c and closed at 684,6654c.

Corn was only moderately active and easier, due largely to the improved weather and the elimination of the short interest yestoriay, the liquidation which was done easily depressing prices. Enough support materialized, however, to prevent any great decline. Local receipts were again heavy—1,118 cars—but smaller receipts are 500ked for tomorrow. Elevator people led in the selling. July opened a shade lower at 244c, 804 for the closing price was 24%c.

Oats was slow and inclined to weakness,

selling. July opened a shade lower at 24:20. Bold to 241-62:21-6 and declined to 241-62:41-6. The closing price was 24%c.

Outs was slow and inclined to weakness, influenced by the more favorable weather, improved crop prospects and the weakness of wheat and corn. Bradstreet's showed a visible increase of 555,000 bu. A good cash business was transacted. July opened unchanged at 18½c, and declined to 18c, which price was bid at the close.

Provisions were weak, with scattered unimportant liquidation and some short selling. The market started lower in sympathy with a weak hog market and the weakness of wheat and corn kept prices on the downward path all day. The result was a very material decline on a limited amount of business. At the close July pork was 7½c lower at \$7.40; July lard, 12½c lower at \$3.72½ and July ribs, 10c lower at \$4.17½64.20.

Estimated receipts Thursday; Wheat, 5 cars; corn, 510 cars; oats, 250 cars; hogs, 36,000 head.

Oregon Short Line twhen issued), 14 per cent. The closing was strong and exceedingly animated and generally at the top level.

The bond market was less animated but a good undertone continued, apparent with some of the reorganisation issues improving materially. The demand for foreign account was fairly moderate and included speculative and investment purchases of the prominent lien. Detroit Gas is vibrated violently, ranging from 80 to 83, and closting at \$1, a gain of \$1, per cent. Oregon Short Line Consolidated 55, trust receipts, were largely dealt in and gained 2 per cent. The sales were \$1,000. Governments ruled firm with transactions light. The sales were \$10,000. The Evening Post's London financial cablegram says: "At the settlement today more employment was found for money, the speculative account having increased slightly. Rates, however, were moderately low, averaging no more than 2\$ to 2 per cent on Americans. The continued firmness of Grand Trunk and other Canadians stocks forms a leading feature. The Post's bourse opened at an improvement, but weakened at the close. The Berlin market remained comparatively firm. The following wase the slaging outstained.

SHIEEP-There was one lond of western lambs and that constituted the sum total of the effectings in the sheep market, the balance of the receipts being consigned direct to packers. The demand for desirable muttoms continues good and values are fully steady. Representative

CHICAGO LIVE STOCK MARKET.

Cattle Weak-Hogs Animated but Lower_Sheep a Dime Down. CHICAGO, June 9 .- In cattle the fair supply caused some weakness in common and medium grades. Good to choice descriptions were steady, with a good general demand, but there was the usual scarcity of choice beeves. Sales were on a usual scarcity of choice beeves. Sales were on a basis of from \$4 to \$4.25 for common native dressed beef eteers up to \$4.75 and \$5 for good to choice shipping and export cattle, with prime to extra beeves scarce and largely nominal at from \$5.00 to \$5.20. The bulk of cattle sold for from \$4.40 to \$5. Stockers and feeders were rather scarce, the bulk of the business being at from \$3.50 to \$4.30. Bulls were steady. Calves were active and firm at from \$5.75 to \$4.35 for destrable loss, country feeders being good Duyers of the

loss, country feeders being good buyers of the best cales. Texas fed cattle and calves averaged slightly lower, 'Today's hog market was animated, but prices were 24,676c per 100 lbs. lower; receipts being unexpectedly heavy. Sales were at an extreme range of \$2.20 to \$4.35 for the poorrest to the best hogs, and at from \$2 to \$3.50 for pigs, the built of the hogs seiling at from \$3.45 to \$3.50. Choice fat hogs comprised by far the larger part of the offerings. The light weights were in only moderate soundly.

crate supply.

Prices were about 10c off for sheep and 25c lower for spring lambs. Sheep sold at from \$2.50 to \$4.65 for inferior light to prime heavy natives. Texans selling largely at from \$3.10 to \$4.65. Westerns sold largely at \$5.50 to \$4.40. Lambs sold at from \$4.90 to \$4.40. Lambs sold at from \$4.90 to \$5.40. Spring lambs found buyers at from \$3.75 to \$4.50 per 100 lbs.

Receipts: Cattle, 15,500 head; hogs, 40,000 head; sheep, 21,000 head.

San Francisco Wheat Quotations. SAN FRANCISCO, June 9.—WHEAT—Quiet; becember, \$1.20%. No Community Wants the Leper. PITTSBURG, June 9.—The decision of the

Saltimore health officials to return Miss Mary Hanson, the leper, to Allegheny, Pa., will, if carried out, meet with strong resistance from the health board of the latter city. Health Officer McLaughlin says the woman will not be received in Allegheny. He believes its possible to prevent her entrance into Pennsylvania from Maryland. A serious complication is likely to be the result.

Not only piles of the very worst kind can be cured by De Witt's Witch Hazel Salve, but eczems, scalds, burns, bruises, boils, ulstantly relieved by the same remedy. Feud Ends in a Double Killing. ALBANY, Ky., June 9.—A double trag-dy last night was the outcome of a family

cud. Henry Foster and John Shootman who had long been at outs, quarreled. Fos-ter stabbed Shootman in the side several times with a dirk. Ephriam Redell went to Shootman's assistance and shot Foster through the head. Both men were fatally wounded. Redell has not yet been arrested.

Knorr Testifies in His Own Behalf. BLOOMSBURG, Pa., June 8.—In the Winersteen-Knorr dynamite case today the defendant, Knorr, took the stand in his own behalf and the prosecution called several witnesses to testify concerning the veracity of Sallie Gast, the star witness for the prosecution.

In het weather the blood becomes slug-gish and depression results. If "always tired" try Pill Anaemic Pink. Made only by the Mercer Chemical Co., Omaha. Desperado Kills Two Brothers KNONVILLE, Tenn., June 9.—A cutting affray took place about six miles from Mountain City yesterday, in which Bud Price, a North Carolina desperado, killed James Hampton and fatally injured his brother, Theodore Hampton, All were drinking. Price has not been captured.

National Electric Light Association.
NIAGARA FALLS, N. Y., June 5-This
morning's session of the National Electric
Light association was devoted principally to
the reading of papers.

Pale, sallow faces indicate lack of blood. Pill Anaemic Pink makes rich red blood and gives a glow of health to all who take them. Made only by Mercer Chemical Co., Omaha.

MILLERS' NATIONAL CONVENTION. Reciprocity Provision in Tariff of Importance to the Trade.

CHICAGO, June 9 .- The Millers' National association, which has members from twentytwo states and represents a yearly output of 90,000 barrels a day, held its annual meeting here today with a fair attendance. The retiring president, C. A. Pillsbury of Minneapolis, in an address said that through the efforts of the executive committee bolting cloth had been put on the free list of the new tariff bill, and it was hoped to have restored the drawback on burlaps. The chief work, however, he said was in the direction of having the tariff measure give them the principle of reciprocity, the recognition that it deserved, so the United States could advance its trade with foreign countries, and the flouring trade

would be greatly benefited.

Secretary Barry reported that the association had allied itself with the National Transportation association and had thus been able to accomplish much in the direction of strengthening the force of the interstate com-merce law and restraining acts of injustice on the part of transportation companies. The establishment of a crop report bureau was reported to have been attended with satisfac-

tory results,

Hesolutions were passed carnestly urging the embracing of a reciprocity section in the pending tariff bill and protesting against the dulteration of flour with cornmeal and other Inferior grains,
W. A. Coomb of Coldwater, Mich., will

probably be elected president in place of Mr. Pillsbury, the latter declining re-election.

Your daughter will have rosy cheeks and a glow of health if you give her Pill Anaemic Pink. It is composed largely of concentrated beef blood and is the great blood builder. Effects noticed in one week. Made only by the Mercer Chemical Co., Omaha.

Governor Will Not Come Into Court. refuses to consent to the arrangement made by Attorney Shields whereby the power of the grand jury to subpoena him was to be tested in the supreme court. The governor's refusal to consent throws the opus of action on the court. Inasmuch, however, as the governor has consented to have the bank reports examined in his office it is probable the grand jury will gain the information it seeks in this way and further proceedings will be dropped.

Examine the labels and trademarks of proprictary articles. Imitations are common, and in some cases the difference between them and the genuine is so slight as to es-cape careless observation. Beware of dishonest shopkeepers and salesmen.

Big Dividend on Calumet & Heela. BOSTON, June 9.—The directors of the Calumet and Hecla Mining company have declared a dividend of \$10 per share, payable July 7, to stockholders on record June 11. The last previous dividend was \$5 and was paid April 23 and today's announced \$10 really amounts to an extra dividend of \$5 and brings the total payments thus far this calendar year up to \$30 per share, as against \$25 for the corresponding period last year.

Terrible Accident-It is a terrible accident to be burned or scalded; but the pain and agony and the frightful disfigurements can be quickly overcome without leaving a scar by using De Witt's Witch Hazel Salvo.
